

Practise

Stage 4 Basic Facts No 4

Strategy: Doubles facts to 10

$1 + 1 =$

$2 + 2 =$

$3 + 3 =$

$4 + 4 =$

$5 + 5 =$

$6 + 6 =$

$7 + 7 =$

$8 + 8 =$

$9 + 9 =$

$10 + 10 =$

$\text{Double } 5 =$

$\text{Double } 2 =$

$\text{Double } 4 =$

$\text{Double } 10 =$

$\text{Double } 3 =$

$\text{Double } 1 =$

$\text{Double } 9 =$

$\text{Double } 6 =$

$\text{Double } 8 =$

$\text{Double } 7 =$

$6 + \square = 12$

$\square + 2 = 4$

$\square + 9 = 18$

$3 + \square = 6$

$7 + \square = 14$

$\square + 8 = 16$

$\square + 5 = 10$

$\square + 4 = 8$

$1 + \square = 2$

$10 + \square = 20$

Strategies for solving these problems:

- Try to think of the numbers quickly in your head.
- If you need to, use your fast fingers.
